The electric meter at your premises currently tracks demand and we show that usage on your bill. At this time, your accounts are not billed for the demand. If the demand exceeds 10.0kW on two consecutive bills, we will reclassify the account under the appropriate demand rate and your bills will include a demand (kW) charge in addition to the energy (kWh) charge. For more information, please visit www.coned.com/customercentral/demandbilling.asp.
